

PETER SYMONDS COLLEGE

CAREERS PROGRAMME

Vision Statement – to inspire, inform and raise aspirations of All students.

Careers Lead:	Debbie Mahoney, Head of Careers dmahoney@psc.ac.uk / 01962 857552
Senior Manager for Careers:	Lucy Edevane
Link Careers Governor:	Joanna Townsend
Careers Team:	Five qualified and experienced Careers Advisers to Level 7 SUN Progression Mentor Two Careers Assistants Work Experience Coordinator & Assistant

Peter Symonds College places significant emphasis and priority on supporting students with their next steps, whatever direction they want to take. The college is fully aware of the DfE publications linked to Careers, currently successfully achieving 100% in all the Gatsby Benchmarks and map our Careers Programme to the CDI Careers Development Framework. We are proud to have held the Quality in Careers Standard since 2008, fully meeting all the requirements in our most recent assessment in 2022. We are affiliated members of the CDI professional body and all Careers Advisers adhere to the CDI codes of practice. Continuing professional development linked to careers education is a priority for all staff, especially the careers team.

The College offers: -

- A large dedicated Careers Department with resources and study space, staffed by the Careers Team and open throughout the college day
- Access to digital careers resources, which includes the Unifrog platform, along with a comprehensive Intranet site for students and parents to access
- Access to impartial and unbiased one-to-one appointments with a Careers Adviser throughout their studies in college, with three different types available and all bookable online
- Targeted support to students in the following identified groups – EHCP; vulnerable; FCM; EAL or refugee; young carer; NCOP; armed forces child or looked after child
- Cross college careers events with external visitors:
 - **Careers Day** – compulsory off timetabled day for all students, with 150 talks delivered by external speakers
 - **Progression Fair** – exhibition with nearly 100 stands, allowing students to explore higher education, employment, training providers and gap opportunities with visiting representatives from these areas
 - **Lunch time careers talks** – organise approximately 35 talks during the academic year with visiting representatives, covering employability skills, higher education, apprenticeships and employment opportunities
- Careers Programme takes up a high proportion of the 40-minute tutorial programme delivered by tutors, which is compulsory for all students to attend weekly
- One-to-one reviews with personal tutor to monitor progress and support progression
- Symonds Lectures – compulsory 50-minute timetabled sessions for Lower sixth students, which includes careers sessions delivered by Careers Advisers & outside speakers focusing on progression
- Up to date job vacancy system, allowing students to view current and local labour market information and apply for suitable opportunities (including apprenticeships; part time jobs, volunteering and work experience), along with registering to get alerts when new relevant opportunities become available
- Relevant career opportunities advertised to all students through a weekly Careers Bulletin and the Careers Google Classroom; along with regular emails advertising college careers events and support available
- Students studying vocational courses which takes up the majority of their studies will participate in compulsory work experience
- A library of video recordings from visitor talks on careers and options after college

We welcome feedback and views on this document or any activities we deliver through the Careers Department from students, parents, employers and organisations. We are also very happy for individuals to contact us if they would like to develop links with Peter Symonds College and be involved in future events.

Careers is also delivered through curriculum areas. This includes delivery within lessons; specific subject talks in the summer term on options post 18 linked to the curriculum area; visits to employers; visiting speakers to the college and college trips. These activities will be tracked through Unifrog.

The impact of the Careers Programme is measured and assessed through: -

- Careers 4 U focus group meetings with students
- Questionnaires and surveys completed after every careers activity, along with annual careers survey
- Tracking and data gathered through the students use of Unifrog
- Evaluation of destination data
- 1-1 discussions with students
